

# NATURE BINGO

Use this bingo game as a way to explore your natural world. Clip the card to a piece of cardboard or a book with a paperclip or clothespin so it is easy to write on it. The choices are intentionally open-ended so that no matter where you are, you are likely to find something to fill in a square. Use a pencil to write or draw what you've found for the square.

Will you get the same answers if you play the game next week? Next month? You play in a different location? Down the street? Across town?

If you'd like to take pictures of some of the things you find, you can send them to us at [museumed@colorado.edu](mailto:museumed@colorado.edu). If you need help identifying what something is, you can ask us.
