By the end of the course, you should be able to:

1. Identify environmental problems, emphasizing the optimal role for public policy relative to a market inefficiency.
2. Determine the economic information and tool required to address an environmental problem and how to apply them.
3. Explain the building blocks and tools of environmental economics so that you can comprehend the research in environmental economic texts and articles.
4. Concisely and effectively communicate environmental economics findings and

Quizzes (120 POINTS) There will be quizzes associated with some modules each worth 24 points. The format of the quizzes will be multiple choice, calculations, and short answers and will be open book and open notes. Your lowest one (1) quiz is dropped from your final grade calculation.

Projects (200 POINTS) There will be two (2) projects in which you will be asked to think critically about an environmental economics topic, develop an informed argument or write-up regarding the topic, and discuss with your classmates. The format of the projects will be long-form discussion posts on Canvas. The first project will take place in week 3 and the second in week 7. Detailed descriptions and rubrics of these projects will be available in Canvas.

Exams (370 POINTS) There will be two (2) exams. The proctored midterm exam (6/27-6/30) is worth 150 points and the proctored cumulative final exam (7/25-7/28) is worth 220 points. The format of the exam will be multiple choice and calculations and will be closed book. The exams are completed in a proctored setting. More details on proctoring below.

This course requires proctored examinations. Exams are proctored which will require planning on your part. Proctors are individuals who administer the exam process following the guidelines provided by University of Colorado Boulder to ensure academic integrity.

Who can be my proctor?

If you are in Boulder or nearby, you can take your exam:

1. With me at the Department of Economics. There is no cost for using this proctor. This option is only on selected days during the quiz or exam period.
2. With Proctorio or a comparable online proctoring service as determined by your instructor. Online proctoring is a service that uses a webcam and microphone to ensure academic integrity. To use this service, you must have access to a computer with a webcam and a microphone. There is no cost for using this proctor.

If you outside of Boulder, you can take your exam:

1. At an accredited college or university testing center in your town or nearby. There may be a cost for using this testing center.
2. With Proctorio or a comparable online proctoring service as determined by your instructor. Online proctoring is a service that uses a webcam and microphone to ensure academic integrity. To use this service, you must have access to a computer with a webcam and a microphone. There is no cost for using this proctor.

All students should be aware that their behavior impacts other people, even online. I hope that we will all strive to develop a positive and supportive environment and will be courteous to fellow students and your instructor. Due to the nature of the online environment, there are some things to remember.

1.

3. Never use all caps. This is the equivalent of yelling in the online world. It is not fun to read. Only use capital letters when appropriate.
4. Make sure that you are using appropriate grammar and structure. In other words, i^2 ¸ ¸ - ¸ ¸ ¸ ¸ understand this type of abbreviation, not to mention it does nothing to help expand your writing and vocabulary skills. Emoticons are fine as long as they are appropriate. A smile

CU Boulder recognizes that students' legal information doesn't always align with how they identify. Students may update their preferred names and pronouns via the student portal; those preferred names and pronouns are listed on instructors' class rosters. In the absence of such updates, the name that appears on the class roster is the student's legal name.
